CUSTOM ENERGY MANAGEMENT APPROACH

HOUSE OF WORSHIP
AGGREGATION CASE STUDY:

OVERVIEW

Capital Energy Partners is an energy management firm capable of handling all your energy needs. Our custom approach allows us to advocate on your behalf so your operations can continue running effectively. Brokering electricity and natural gas to reduce budget risks is only the first step.

We work on your behalf to take control of your energy costs.

Managing electricity and natural gas purchasing, eliminating national and international market risks

- **\$1,100,000 annually**

Lighting upgrades throughout various offices, houses of worship, schools, and recreational centers

- **\$120,000 annual savings**

Boiler replacements throughout various offices, houses of worship, schools, and recreational centers

- **\$30,000 annual savings**

Opt-in Enrollment for Offsite solar subscription

- **\$120,000 annual savings**
