CUSTOM ENERGY MANAGEMENT APPROACH

PAPER MILL CASE STUDY:

OVERVIEW

Capital Energy Partners is an all-inclusive energy management firm. Our custom solution approach allows us to advocate on your behalf as owner's reps so your operations can continue running effectively while taking control of ever-evolving energy markets. Brokering electricity and natural gas to reduce budget risks is only the first step.

We work with you to take control of your energy costs.

Managing electricity and natural gas purchasing, eliminating national and international market risks

\$7,000,000 annually

Negotiated one time payment from new transportation line paying for town park upgrades

\$40,000 grant

Facilitated discussions due to billing error with off-site solar and utility credit system

\$150,000 refund

Hydro dam sale facilitation

\$5,000,000

Lobbying efforts with the NYS Public Service Commission to adjust NY Tariffs to maintain and aggregate natural gas standby allocations

\$100,000 annual savings + risk mitigation with primary point capacity

Coordination with economic development organizations for improvements and job growth

\$3,000,000 in benefits
